

At St Michael's we strive to develop and inspire courageous, respectful and resilient learners encouraging them to serve with kindness, respect and tolerance guided by our Christian values so that they can flourish, living 'life in all its fullness'. (John 10:10)

English

Our learning this term will be based around the book 'The Lion, the Witch and the Wardrobe'.

Pupils will be embedding Year 4 skills while writing for a variety of purposes.

Maths

We will begin the Spring term by developing our understanding of fractions and decimals.

During our measure topics pupils will learn more about money and develop their understanding of time.

During our Statistics topic will be based on line graphs.

Science

This term we will be exploring the big questions of 'How can the environment affect different groups of animals?' and 'How does temperature effect different materials?'

PSHE

This term the children will explore 'Money Matters'. They will also be developing their learning about 'Growing Up'.

Summer Term

Design Technology

This term in DT, we will be focusing on Sewing skills in our topic of Make, Do and Mend.

RE

This term the children will be exploring the Gospels and answering the question 'What type of world would Jesus want?' and in the second half of the Summer term pupils will be answering the question 'What is it like to follow God?'

Art

This term, children will be exploring paint.

Computing

Using purple mash, we will be Making Music, become a Hardware Investigator and develop further our understanding of Effective Searching. Alongside this, pupils will be completing an online safety unit.

History

In History this term we will be continuing to explore the big question 'What were the lasting impacts of World War 2 on Britain?'

Geography

For the Summer term, in Geography, our topic will be all about rivers.

Pupils will build towards answering the Big Question of 'What is the importance of rivers around the world?'

PE

The children will be developing their tennis skills, throwing, running and jumping as part of our Athletics topics.

This term pupils will also be taking part in Bikeability.
